

Model CC9000 Concrete Cutting Bandsaw for Autoclaved Aerated Concrete (AAC)

Roll-In Saw, with over 67 years of saw manufacturing experience, introduces the CC 9000 Band Saw. This concrete cutting bandsaw was designed for the Autoclaved Aerated Concrete industry. This heavy duty band saw is robust enough to take the punishment of the construction job site and still cut straight and accurate day after day.

Featuring a 2 hp direct drive motor/gearbox, the CC 9000 cuts easily into cellular concrete (AAC). The moving table will travel 25 inches into the AAC block and can cut 25.5 inches under the guides. Removable handles can be added to the saw for this unique "Wheelbarrow" feature to make movement on the job site easy and convenient.

Price: \$6,900.00
